# CG AUXDATA

AUXDATA…Newsletter #7

Welcome   Welcome to our seventh edition of the CG AUXDATA Newsletter dedicated to providing you with periodic updates on the new systems development cycle and links for all of you to view the "work in progress."

This issue will seek to familiarize you with the Member Status module of our new application, AUXDATA.

The **Member Status** module contains the names of personnel belonging to your unit. Responsible personnel can readily view, insert, change and update the status of unit members. **Member Status** also allows for the recording of member's awards. The following screen captures are an exact reflection of what you will see upon entering the application. (Information in the cubes are for testing purposes only)
